

LEMAX® LX MIL Search Lights

The Most Powerful Compact Search Lights in the World - List of Products

LEMAX® LX Compact MIL

Basic parameters:

Light source power: 35 W
Luminous flux: 3200 lumen
Lamp life: 1500 hours
Color temperature: 4250 °K
Power: 12V DC
Water resistance: 10 m
Maximum lighting distance: over 3000 m
Working temperature: -10°C [14°F]
up to +75°C [167°F]
Max. working temp.: +120°C [248°F] (cca 1 min)
Environment-resistant connector: MIL-C-5015
Surface treatment: Hard anodising: MIL-A-8625

Continuous run time:

LEMAX® LX Compact MIL: 45 min

Weight:

LEMAX® LX Compact MIL: 2,2 kg [4,9 lb]

Rechargeable batteries:

Lifecycles: 3000
Charge time: 60 min

Optional accessories:

Charger: AC 80-240V/50-60 Hz, DC 12/24V MIL
Tripod mounting arrangement
Case: MIL-C-4150-J (PELI Case 1400)

LEMAX® LXS MIL

Basic parameters:

Light source power: 35 W
Luminous flux: 3200 lumen
Lamp life: 1500 hours
Color temperature: 4250 °K
Power: 12V DC
Water resistance: 100 m
Maximum lighting distance: over 3000 m
Working temperature: -20°C [-4°F]
up to +75°C [167°F]
Max. working temp.: +120°C [248°F] (cca 1 min)
Environment-resistant connector: NO
Surface treatment: Hard anodising: MIL-A-8625

Continuous run time:

LEMAX® LXS MIL: 150 min

Weight:

LEMAX® LXS MIL: 3 kg [6,6 lb]

Rechargeable batteries:

Lifecycles: 3500
Charge time: 120 min

Optional accessories:

Charger: AC 80-240V/50-60 Hz, DC 12/24V MIL
Tripod mounting arrangement
Case: MIL-C-4150-J (PELI Case 1520)
Replaceable accupack

LEMAX® LXS MIL Con

Basic parameters:

Light source power: 35 W
Luminous flux: 3200 lumen
Lamp life: 1500 hours
Color temperature: 4250 °K
Power: 12V DC
Water resistance: 10 m
Maximum lighting distance: over 3000 m
Working temperature: -20°C [-4°F]
up to +75°C [167°F]
Max. working temp.: +120°C [248°F] (cca 1 min)
Environment-resistant connector: MIL-C-5015
Surface treatment: Hard anodising: MIL-A-8625

Continuous run time:

LEMAX® LXS MIL: 150 min

Weight:

LEMAX® LXS MIL: 3 kg [6,6 lb]

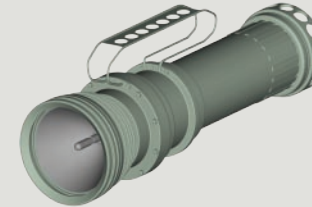

Rechargeable batteries:

Lifecycles: 3500
Charge time: 120 min

Optional accessories:

Charger: AC 80-240V/50-60 Hz, DC 12/24V MIL
Tripod mounting arrangement
Case: MIL-C-4150-J (PELI Case 1520)
Replaceable accupack

LEMAX® LXL MIL

Basic parameters:

Light source power: 35 W
Luminous flux: 3200 lumen
Lamp life: 1500 hours
Color temperature: 4250 °K
Power: 12V DC
Water resistance: 100 m
Maximum lighting distance: over 3000 m
Working temperature: -30°C [-2°F]
up to +75°C [167°F]
Max. working temp.: +120°C [248°F] (cca 1 min)
Environment-resistant connector: NO
Surface treatment: Hard anodising: MIL-A-8625

Continuous run time:

LEMAX® LXL MIL: 250 min

Weight:

LEMAX® LXL MIL: 3,7 kg [8,2 lb]

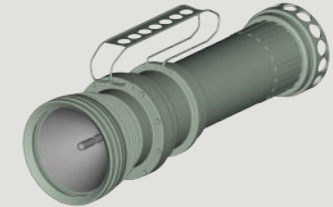

Rechargeable batteries:

Lifecycles: 3500
Charge time: 210 min

Optional accessories:

Charger: AC 80-240V/50-60 Hz, DC 12/24V MIL
Tripod mounting arrangement
Case: MIL-C-4150-J (PELI Case 1560)
Replaceable accupack

LEMAX® LXL MIL Con

Basic parameters:

Light source power: 35 W
Luminous flux: 3200 lumen
Lamp life: 1500 hours
Color temperature: 4250 °K
Power: 12V DC
Water resistance: 10 m
Maximum lighting distance: over 3000 m
Working temperature: 20°C [-2°F]
up to +75°C [167°F]
Max. working temp.: +120°C [248°F] (cca 1 min)
Environment-resistant connector: MIL-C-5015
Surface treatment: Hard anodising: MIL-A-8625

Continuous run time:

LEMAX® LXL MIL: 250 min

Weight:

LEMAX® LXL MIL: 3,7 kg [8,2 lb]

Rechargeable batteries:

Lifecycles: 3500
Charge time: 210 min

Optional accessories:

Charger: AC 80-240V/50-60 Hz, DC 12/24V MIL
Tripod mounting arrangement
Case: MIL-C-4150-J (PELI Case 1560)
Replaceable accupack

LEMAX® LX MIL Searchlights usage

Lightweights LEMAX® LX MIL Search Lights are the most powerful compact search lights in the World.

- Do not need any discreet accumulator
- Heavy duty - all metal designed
- Designed for extreme conditions; professional exploitation
- Optimal usage 5 m - 800 m without binoculars. For longer distances – more than 800 m, binoculars are recommended.

Thanks their outstanding features the LEMAX® LX MIL Search Lights are ideal equipment for searching individuals under extreme conditions (natural disasters, conflagrations etc.) and for guarding properties.

Extremely high light power of LEMAX® LX MIL Search Lights enables to guard vast properties.

Optimal exploitation without binoculars: 5m – 800m. Highlighted area has been designed with respect to the human eyesight ability. Without adjustment of the light cone they illuminates optimally the whole area human eye can embrace. LEMAX® LX MIL Search lights can illuminate an area that would otherwise be obscured by fog or smoke.
